Georgia Milestones End of Grade Study/Resource Guides

The Study/Resource Guides are intended to serve as a resource for parents and students. They contain practice questions and learning activities for each content area. The standards identified in the Study/Resource Guides address a sampling of the state-mandated content standards.

For the purposes of day-to-day classroom instruction, teachers should consult the wide array of resources that can be found at www.georgiastandards.org.

- Grade 3 EOG Study/Resource Guide
- Grade 4 EOG Study/Resource Guide
- Grade 5 EOG Study/Resource Guide
- Grade 6 EOG Study/Resource Guide
- Grade 7 EOG Study/Resource Guide
- Grade 8 EOG Study/Resource Guide

Georgia Experience Online

Georgia Experience Online is available with a demonstration test for each of three grade bands – grades 3-5, grades 6-8, and high school – with sample items from each content area. The primary purpose of this website is to provide exposure to the online platform that some students will utilize when taking the Georgia Milestones tests.

It is important to understand that the items that comprise the demonstration tests are general in nature and reflect multiple grade levels. Given the purpose of this site is to acquaint students with the navigation of the online testing process, the items are generic and are not necessarily reflective of the range of content or challenge that students will experience when taking the actual Georgia Milestones tests.

For this public-facing site, please be aware that Google Chrome is the only supported browser. Using Google Chrome, these public demonstration tests can be taken on any supported device, including Windows, Mac, and Linux desktops and laptops, Chromebooks, iPads and Android devices. (Note: This

browser requirement will not apply for those practice opportunities that will be available within the INSIGHT secure testing site that is scheduled to open in early November).

Using a Chrome browser only, enter the following link to access the site: http://www.gaexperienceonline.com

In order to access a practice test, select the Test Practice button, select Online Tools Training and Test Practice under End-of-Course (EOC) or End-of-Grade (EOG). For both EOG and EOC, you will have the option to explore the Standard Online Tools or the Online Accommodations of Masking, Contrasting Color, and Color Chooser. You will find these under "Options" at the bottom of the screen. If you select EOG, you will also select a grade band (3 – 5 or 6 – 8). You will find the username and password on the login screen itself for the selected demonstration test. Enter that information and click Sign In – and you are ready to go! Additional information can be found on the Experience Online Testing Georgia page under Documentation.

Again, these opportunities are provided to ensure students have familiarity with the testing platform prior to a live administration. We hope you find the Experience Online Testing Georgia website helpful.
